Acrylic Special Effects

Sparkle Powder:

Evenly dispersed into monomer colors or marbled into polymers for a galaxy effect.

Marble:

Swirl together any two polymer colors. Some combinations create a third color.

Two-Tone:

Choose any two colors side by side. Great for your favorite team colors.

Tie-dye:

Choose any 3 polymer colors for a psychedelic effect.

Decals:

Let your imagination run wild, in addition to your colors and effects insert an image into your retainer. Choose from many popular images.

Due to spacing limitations designs may be simplified on lower appliances or appliances with additional screws, clasps & springs
